Social Media Influencers

What is an Influencer?

An influencer is somebody prominent on a social media platform such as YouTube and Instagram, who have a high number of followers. Influencers share their opinions/ideas and may be paid to advertise/promote products through their account. Whilst there are some great influencers, there are some that choose to share their own opinions, which could be misogynistic or racist for example. These opinions can be expressed or interpreted as fact. It is important to talk to your child about the spread of misinformation online and how we should fact check and critically analyse what we see and hear online.

What we see on social media platforms is influenced by algorithms, which predict what type of content we are most likely to interact with. Whilst

Outstanding Owl and Rainbow Promise Learners

Each week children are chosen for showing Owl learning behaviours or following our Rainbow Promise.

Our Rainbow Promise underpins everything we do

at school. Just as the Rainbow was a sign of God's promise to Noah that from that moment God would enable Noah and the people of the earth to flourish and experience life in all its fullness. So as a school community we promise to do our best to enable all the pupils and adults of our school to flourish academically and professionally so that they might reach their potential.

The Rainbow is also a symbol of the diversity of our school community, but as a church school we recognise that we are all created and valued by God, and so as a school community we commit to care for and value each other.

The dove symbolises our need to persevere in some aspects of life as it is not always the first time we find success. It was not the first time that Noah had tried to find dry land and so we much seek strength within ourselves and from God to achieve.

These are our Values we try to live each day
