

Year 5

Autumn Term 1 September/October 2020

THINGS TO REMEMBER...

Homework:

Spellings: Over the year, we are expecting children to learn the statutory spellings that will be posted on SeeSaw.

We will also inform you on Marvellous Me of the spelling rules being learnt that week, that you can discuss with your children at home.

English and Maths: English will be an ongoing project, linked to our topic, or spelling, punctuation and grammar practise.

Maths will be linked to the learning taking place that week.

Reading: Your child will be expected to read for a minimum of 15 minutes a day, 4 days a week. Books can be changed on a Thursday, and will be back in the class library by the following Monday.

Chess: We are excited to share that Year 5 will be starting chess on a Friday afternoon. This will be a great way to develop their logic skills!

P.E Will rotate between Tuesdays and Wednesdays. We will inform you which day it will be that week.

Our classes will be covered by Mr Clarke, Miss Lightfoot and Mrs Whittington.

Mockingbirds and Peacocks

We are extremely proud of the start that Mockingbirds and Peacocks have made to the year. They have returned to school with beaming smiles and a wonderful enthusiasm to learn! We have been so pleased with how they have embraced the learning and have been demonstrating our owl learning values.

Our Year 5's have begun to establish themselves as excellent role models within the school, and we can't wait to see what wonderful things they will achieve this year.

We are so excited to be teaching your ambitious children and seeing them grow this year.

Please don't hesitate to ask us any questions or raise any concerns. We will also keep in touch regularly via MarvellousMe

Mrs Ilyas, Mrs Merrills, Mrs Apps and Miss Lightfoot

There is no elevator to success. You have to take the stairs..

You can never cross the ocean until you have the courage to lose sight of the shore.
-Christopher Columbus

Make your life a masterpiece; imagine no limitations on what you can be, have or do.

BRIAN TRACY

Year 5

Autumn Term 1 September/October 2020

Week Seven	Addition and Subtraction – Use rounding to check answers to calculations. Problem solving.	Newspaper report Shared writing—an alien landed at Jennett’s Park!

Curriculum

Space is our topic this term and the children have shown great enthusiasm already, generating many questions that will shape our learning. We will be looking at Space in detail this half term as we also study the Earth, sun and moon as our science topic.

Our art, geography, history and DT will all explore our topic and we are keen to challenge the children with their computing and presenting skills this term.
