### News

Wow ! Can you believe we are about to embark on our last few months together? Well, time flies when you're having fun! So, as we take our last few steps on our final learning adventure together, it is with great pride, that we share what a wonderful learner and young person your child has become.

This term will see us continue preparations for secondary school life. The enrichment activities will be a key part to this. We are already starting to see the young children, who joined us in September, develop into young adults. Young adults with a set of skills that will see them thrive; young adults with an independence to organise themselves; young adults with enthusiasm for life and learning.

This term will be filled with opportunities which will include: visits from artists; international week; drumming workshops and much more.

The Year 6 teaching team look forward to our final term together. May it be filled with learning, laughter and love.

As always, the door is open.

Warm summer wishes—

Mr Page, Mrs Ballard, Miss Whittington, Mr Furzer.

### Empowering our children to flourish and achieve under God's love

A wise teacher once brought balloons to school, told her pupils to blow them up and write their name on one.

After the children tossed their balloons into the hall, the teacher moved through the hall mixing them all up. The kids were given five minutes to find the balloon with their name on it, but though they searched frantically, no one found their own balloon.

Then the teacher told them to take the balloon closest to them and give it to the person whose name was on it. In less than two minutes, everyone was holding their own balloon.

The teacher said to the children, "These balloons are like happiness. We won't find it when we're only searching for our own. But if we care about someone else's happiness...it will ultimately help us find our own."
