

Year 6

Important Info

PE Same as last term.

Thursday (the day to come in PE kit)
trainers in daily for the daily mile

Home learning - The government expectation is that a Year 6 child will spend 2 and 1/2 hours a week on home learning.

We will give out home learning on a Friday (both on paper and on Seesaw) and ask for it to be handed in on a Thursday.

Each week there will be :

- **maths** that will consolidated the learning of that week.

- **writing** that will link with the current writing unit covered in class

- **spellings** (20 spellings every 2 weeks, a test every Friday)

- **roger challenge**, a little practice each week will help

- **reading** at least three times a week is expected and a recording onto seesaw

Owl reflection log - the aim of this is that your child should be able to share their successes in the owl learning behaviours each week. Please discuss these each week with your child, there is a space for you to make a comment.

Extra some of you have asked for extra. There are trays at the back of the classroom with extra sheets.

Walking home - Children in Year 6 are able to walk to and from school by themselves. If you choose to do this, please just let us know so we can be sure of who is doing so.

Autumn Term 2 November/December 2021

News

Dear Parents and Carers,

Welcome back and can you believe a sixth of our Year 6 time has already passed. We have all thoroughly enjoyed our first term together with this amazing year group –we are all so proud of the start every child has made to their Year 6 journey. Everyday, we look around the classes and see incredible learners. We see children who are: enthused in their learning; willing to share their achievements; confident to take risks in their learning. We can't wait to see what the rest of this year brings.

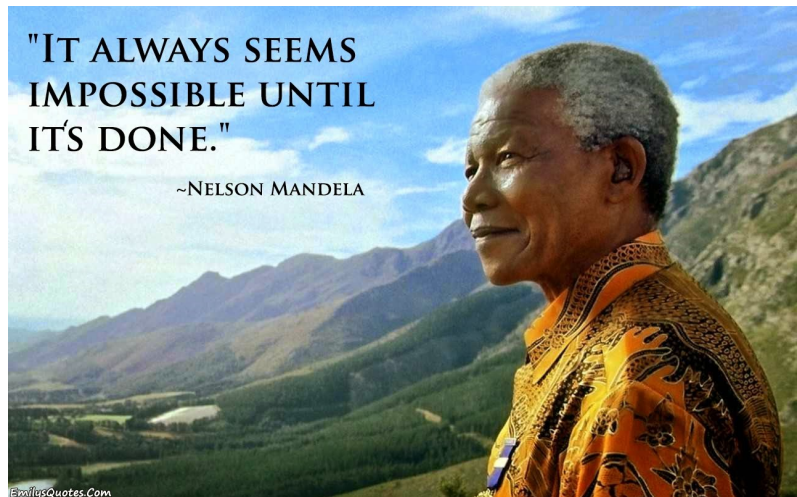

This term is busy and we have tried to fill it with some more enrichment events: Remembrance service, maths week, Diwali workshops, VR headsets and of course all the celebrations that Christmas brings.

As usual, our doors are always open to you for any questions.

Year 6 Team.

"IT ALWAYS SEEMS
IMPOSSIBLE UNTIL
IT'S DONE."

~NELSON MANDELA

It was just wonderful to see how reflective the children were as we discussed Black History Month.

Year 6

Autumn Term 2 November/ December 2021

	Numeracy	Literacy
Week One	Fractions– Equivalence	Narrative—action/adventure based around Stormbreaker by Anthony Horowitz
Week Two	Fractions– Ordering Fractions	Narrative—action/adventure based around Stormbreaker by Anthony Horowitz

Week Five	Fractions– Multiplying Fractions	Narrative—Film based unit around the short film Little Freak
Week Six	Division	Narrative—A Christmas Carol
Week Seven	Mean	Narrative—A Christmas Carol

Curriculum

This half term, we will continue our topic of the Maya civilisation. We will be looking at their number system and calendar then we will start to put all of our learning into an interactive fact book. Within our art, we will continue to focus on the skill of shading to add tone and depth as we draw sketches based on our text Stormbreaker. In science, we will be looking at light, how it travels and how we see. In Computing, as part of our energy in schools project, we will be coding Micro:bits. In RE, we will be studying Christianity with a focus on the significance of Mary and Christmas.
