

15th March 2024

Brain teaser: What country do these pictures represent?

International News

Here at JP, we are committed to a global education, and living life in all its fullness (John 10:10). We believe that by learning about other cultures and connecting with countries abroad—as well as those in different communities within the UK - we can broaden the horizons of all children and allow them to learn tolerance and respect towards others.

RECENT NEWS

We are excited to share some international news with you regarding an exciting new partnership that we at JP have established with Peterson School in Mexico City.

As part of this partnership, our Year 5 students have been hard at work creating a welcome video. This video will be sent to Peterson School to showcase our school community, values, and traditions. In return, we will be receiving a video from Peterson School, which will be shared during assembly in late March—early April.

Have you seen the TV in entrance hall? Every day, breakfast club have been setting up the TV to play Newsround, so you can watch, listen and read the news throughout the day!

UPCOMING EVENTS

- International week begins on the 17th June
- Flamenco workshops 17th and 18th June
- Bringing in national dishes for tasting 21st June
