

# YEAR 2

Spring 2

February/March 2024

## PE

PE is on **MONDAYS** and **THURSDAYS** and children should come to school in their PE kit ready for their lesson.

## Reading

Reading books will continue to be changed on Mondays and library day will continue to be on Wednesdays. Please continue to hear your child read at least 4 times a week and make a comment in their reading record. Teachers attempt to hear your child read at least once a week but may not always record this in the reading record due to time constraints.

## Home learning

We have sent out QR codes for Seesaw for those people who may have misplaced it. If you are already active on Seesaw you will not have received one of these. Seesaw is where our home learning is posted every week. This is also where we put up reminders and messages about upcoming events and changes to a typical school day.

Welcome back after the half term holiday! We hope you have had a happy, healthy and fun break, and are ready for the term ahead.

We are continuing with our topic of 'Castles' this half-term. We look forward to taking the children to our upcoming trip to Windsor Castle. We are sure the children will have an amazing experience and make connections from our Geography lessons during the experience.

**As you may be aware, Year 2 usually sit SATs tests in the Summer term. This is something which we do in a completely different way and we make it an exciting and fun experience for the children. We do not want your children or yourself to worry. We will send out more information nearer the time but please do ask if you have any questions and as a team we will try our best to answer them!**

We are very much looking forward to this half term with the children. As the weather can be unpredictable at this time of year please ensure your child continues to have a coat in school every day.

We look forward to another exciting term ahead!

Miss Knowles and Miss Jones

# YEAR 2

Spring 2

February/March 2024

	<b>Maths</b>	<b>Literacy</b>
Week One	Multiplication and Division	Play Script– The Paper Bag Princess

Week Five	Mass, Capacity and temperature	Biography
Week Six	Mass, Capacity and temperature	Biography

## Topic—Castles!

Our journey continues through our topic of 'Castles'. In science we will be exploring living things and their habitats, including comparisons between things that are living, dead and have never lived. We will look at the basic needs of humans and animals for survival, including food chains. In History we will be looking at timelines and comparing key members of the Royal Family. We will be focusing on Christianity in RE. Finally, in PSHE we will be recapping what a good friend is and how we keep ourselves safe.
