(5pm start) Thurs 18th July -Summer
production (6:00pm start)

– Friday 19th July—Leavers' service
(9:00 at school)

News

Wow ! Can you believe it is already our final term? Well, time flies when you're having fun! So, as we embark on our final learning adventure together, it is with great pride, that we share what a wonderful learner and young person your child has become. This is an extremely important term, a term that we have been working so hard for; however, a SATs result does not define a child and we know that the journey your child has been on will see them grow and flourish as a young adult. On the occasions we have left the school (the Reading trip, the Easter Experience at the church, the walk to the country park) our Jennett's Park children have shone amongst the other schools. They conduct themselves with a maturity and kindness that is infectious and inspiring to others.

The Year 6 teaching team look forward to our final term together. May it be filled with learning, laughter and love.

As always, the door is open.

Warm summer wishes—Mr Page and Mrs Ballard, Mrs Butcher, Mr Clarke and Mrs Cooper.

Living life in all its fullness.

Year 6

Summer 1

April/May 2024

| | Numeracy | Literacy |
|---------------|--|---|
| Week 1 | Angles—of a straight line, of a triangle and how to find missing angles. | Crime Scene—final news paper report. The missing evidence from the Go-Pro |
| Week 2 | Percentages, fractions and volume | Letters of complaint and restaurant reviews of the legendary restaurant Snappy Snacks |
| Week 3 | Residential | Residential |
| Week 4 | Using the 4 operations with Fractions. Finding different Percentages. | Leaflet about the ultimate Year 6 residential experience. |
| Week 5 | SATs week | Leaflet about the ultimate Year 6 residential experience. |
| Week 6 | Formula one race planning | Incident reports based on the class text Ghost by Jason Reynolds |

This term, we will be focusing on preparation for SATs. Our afternoons will be filled with SPaG, speed maths games, spelling games, art based around our class text: Ghost. In P.E. we will be focusing on catching and throwing skills and we will play the game of Kwik Cricket. We will continue with Lego. In Geography, we will improve our location knowledge and consider the best location for the next major sporting event. In DT, we will plan and make a model fairground. In computing we will code micro:bits to act as pedometers.
