

Dear Parent or Guardian,

Avanti Cycling is working on behalf of Bracknell Forest Council to deliver Bikeability training. Your Year 6 child is eligible for free Bikeability Level 1/2 training at **Jennett's Park CofE Primary School** over two days, commencing on or after **15th September 2025**

If your child would like to participate, please register them on to the course by 15th July 2025, using the URL or QR code below. The school will then be in touch to confirm your child's place on the course once registration has closed. URL: <https://consent.bikeability.org.uk/shut-wow-fail>

'Bikeability is important safety training, and cycling is a crucial life skill. We aim to provide excellent outside learning, which develops participants independence and decision making, in a fun and enjoyable way.'

If you would like more information regarding the Bikeability courses, please click on the following links to The Bikeability Trust's website:

[Level 1](#): cycle control skills and group riding skills in the playground.

[Level 2](#): road riding skills on local roads where available, being aware of hazards and making decisions. It is compulsory to have completed Level 1.

In order to participate in the Level 1/2 course your child needs to be able to ride his/her bike independently, and without stabilisers / training wheels. For children who are not yet able to ride, we can provide a free **Learn to Ride** training session to teach them to pedal and steer their cycle in advance of the Bikeability course. This is a 90 to 120 minute session in the playground. Should you wish your child to join the Learn to Ride course please enrol them on the Level 1/2 course above but ensure that you select **my child cannot yet cycle** when given the option to do so.
