

Year 6

SUMMER 1

Sunbirds and Sabrewings News

Welcome Back!

Wow ! Can you believe it is already our final term? Well, time flies when you're having fun! So, as we embark on our final learning adventure together, it is with great pride, that we share what a wonderful learner and young person your child has become. This is an extremely important term, a term that we have been working so hard for; however, a SATs result does not define a child and we know that the journey your child has been on will see them grow and flourish as a young adult. On the occasions we have left the school (the Wellington College trip, the Positive Choices workshop and the walk to the country park) our Jennett's Park children have shone amongst the general public. They conduct themselves with a maturity and kindness that is infectious and inspiring to others. The Year 6 teaching team look forward to our final term together. May it be filled with learning, laughter and love.

As always, the door is open.

Warm summer wishes—Mr Page, Mrs Ballard, Mrs Butcher, Mr Frost and Mr Henry.

Owl Learning Values

Challenge
Collaboration
Independence
Managing Distractions
Optimism
Pride
Perseverance

Rainbow Values

Year 6

SUMMER 1

	Numeracy	Literacy
Week 1	Volume of cubes and cuboids	Character description based on the book <i>Dominic's Discovery</i>
Week 2	Angles of a straight line, of a triangle and how to find missing angles	Conveying character through dialogue using an extract from <i>Wild Boy</i>
Week 3	Residential	Residential
Week 4	Percentages, fractions and decimals. Using the 4 operations with Fractions. Finding different percentages.	Leaflet about the ultimate Year 6 residential experience.
Week 5	SATs	Letters of complaint and restaurant reviews of the legendary restaurant <i>Snappy Snacks</i>
Week 6	Maths project	We will write leavers' speeches to share in our leavers' assembly

Curriculum

This term, we will be focusing on preparation for SATs. Our afternoons will be filled with SPaG, speed maths games and spelling games. In P.E. we will be focusing on catching and throwing skills and we will play the game of Kwik Cricket. In Geography, we will improve our location knowledge and consider the best location for the next major sporting event. In DT, we will plan and make a model fairground. In computing we will code micro:bits to act as pedometers. In music, we will continue to learn how to play the steel pans. In science, we will make electrical circuits. In RE, we will be looking at Christianity and thinking about what Jesus would do as we consider what guides us to make difficult decisions.

Year 6

SUMMER 1

5 Top Tips to Support Your Child This Half-Term

- 1. Keep your child in good habits with completing their home learning on time.**
- 2. Encourage your child to continue to follow the Rainbow Promise outside of school and on social media.**
- 3. Encourage your child to read as much as possible.**
- 4. Talk to your child about their learning and encourage them to revise for their SATs.**
- 5. Encourage your child to be active.**
