1. Aims

This policy aims to ensure:

- That children access a broad and balanced curriculum that gives them a secure foundation for learning, development and good progress through school and life
- Quality and consistency in teaching and learning so that every child makes good progress and no child gets left behind
- A close working partnership between staff and parents and/or carers
- Every child is included and supported through equality of opportunity and anti-discriminatory practice

2. Legislation

This policy is based on requirements set out in the [Early years foundation stage \(EYFS\) statutory framework - GOV.UK](#), effective from 1 September 2025. This policy has regard to the Equality Act 2010.

This document also complies with our funding agreement and articles of association.

3. Structure of the EYFS

This policy describes how all ODST schools with children in the EYFS provision implement the requirements of the Early Years Foundation Stage Statutory Framework (Updated September 2025). It sets out ODST's approach to children's well-being, education and health to ensure that our youngest children have the best possible start to their time in school and can flourish.

The EYFS refers to children from birth to five years of age. This policy is to be read in conjunction with the full range of policies for ODST and statutory guidance on the EYFS.

4. Curriculum

Our early years setting follows the curriculum as outlined in the latest EYFS statutory framework.

The EYFS framework includes 7 areas of learning and development that we must teach. All areas of learning and development are important and interconnected. Three areas, known as the prime areas, are seen as particularly important for building children's capacity to learn, form relationships and thrive.

The prime areas are:

- Communication and language
- Physical development
- Personal, social and emotional development

We also support the children in 4 specific areas which help strengthen and develop the 3 prime areas, and ignite the children's curiosity and enthusiasm:

- Literacy
- Mathematics
- Understanding the world
- Expressive arts and design

4.1 Planning

Our staff are ambitious for all children. They prioritise getting to know children well and use this knowledge, alongside information detailed within the guidance documents, 'Development Matters' and 'Birth to 5 Matters', to support their planning and teaching, in order to ensure all children learn and progress effectively.

Staff plan and teach across the seven areas of Learning and Development and focus on developing children's Characteristics of Effective Learning too. Staff consider the individual needs, interests and ongoing development of each child in their care, and consider whether the child needs any additional support.

Thorough, long-term planning ensures children experience a well-rounded and holistic education. Half-termly, teachers structure and plan a progressive sequence of learning and experiences for all children; this medium term planning ensures that key objectives are covered and built upon across each term of the academic year.

Continuous provision, linked to each of the seven areas of learning and development, is implemented throughout the EYFS environment in a purposeful way. The inside and outside environments are stimulating and challenging and aim to encourage children to want to play and demonstrate their learning and understanding.

The nature of the EYFS planning cycle ensures staff follow a plan/do/review cycle constantly both when interacting spontaneously with children and when planning objective-led opportunities to support children's learning. In planning and guiding children's learning, practitioners reflect on the different ways that children learn and develop. Staff plan activities and experiences that enable children to develop and learn effectively. Through a mix of adult-led and child-led activities, practitioners are able to respond to each child's emerging needs and interests, guiding their development through warm, positive interactions.

4.2 Inclusion, Equality and Diversity

Our Trust values the individuality of all children. We are committed to giving all our children every opportunity to achieve the highest of standards. We do this by considering the pupils' varied life experiences and needs. The achievements, attitudes and wellbeing of all our children matter. This policy helps to ensure that the school promotes the individuality of all our children, irrespective of ethnicity, attainment, age, disability, gender or background. Staff teaching in the EYFS consider the individual needs, interests, and stage of development of each child in their care and use this information to plan a challenging and enjoyable experience. Where a child may have a special educational need or disability, staff consider whether specialist support is required, linking with relevant services from other agencies, where appropriate.

In planning and guiding children's activities, staff reflect on the different ways that children learn and adapt the practice and provision to meet the needs of all children, striving to create an inclusive environment that offers all pupils, no matter their needs and abilities, a broad, balanced and challenging curriculum. We are committed to offering all pupils the chance to thrive and fulfil their aspirations.

The school's SENCO and School Leaders work together closely with the Central Team to ensure that we meet the statutory requirements as laid out in the 'SEND Code of Practice' and relevant legislation. Our ODST SEN Policy and School's SEN Information Report contains more detail on how we achieve this, in relation to pupils with Special Educational Needs.

4.3 Teaching

Our Early Years team work collaboratively to ensure children receive high-quality teaching linked to the EYFS Educational Programmes outlined in the EYFS Statutory Framework. EYFS staff have built a curriculum that aims to motivate, enrich and inspire children as they flourish, achieve and live life in all its fullness.

The seven areas of learning are all important and inter-connected, however, three areas, known as the Prime Areas, are seen as particularly important for igniting curiosity and enthusiasm for learning, and for building children's capacity to learn, form relationships and thrive. Staff prioritise the establishment of relationships, rules and routines, the growth of self-regulation skills and the development of communication and language skills. Staff know high expectations and consistent modelling of behaviour; alongside high-quality interactions are essential to children's good progress.

Staff interact with children during planned and child-initiated activities, they model social communications and rich language and encourage and question children as they play and explore. Staff support and challenge children as they encounter new ideas and learn new concepts in order to ensure all children achieve.

5. Assessment

At Jennett's Park CE Primary School, ongoing formative assessment is an integral part of the learning and development process. Staff observe pupils during both child-led play and adult-led activities in order to identify children's progress, development and interests, and these observations are used to shape future planning.

Summative assessments are recorded across all areas of learning at key points of the year inline with whole school assessment cycles. When making judgements about a child's level of development, practitioners will

consider all information relevant to the child, including that shared by parents and/or carers. Staff may need to have further conversations with parents/carers if there is a mis-match in skills seen at home and at school in order to explore the reasons behind this and to try to best help and support the child.

When making assessments and moderating, staff will use their knowledge of individual children to reflect upon and agree aspects of development. There is no requirement on staff to record and collate large quantities of work, but staff aim to collect a selection of work for each child to best represent and demonstrate the child's progress through the year, highlighting application of the Characteristics of Effective Learning and to demonstrate attainment in relation to ELGs in Reception. Staff will address any learning and development needs in partnership with parents and/or carers, and any relevant professionals.

There are three statutory assessment points during the EYFS - Progress Check at age 2, Reception Baseline Assessment (RBA) at the start of the Reception year and the Early Years Profile (EYFSP), completed at the end of the Reception year.

- **Two-year Progress Check** – This is a written summary of your child's development in the three Prime Areas undertaken between the ages of two and three. This will have already taken place prior to your child starting Nursery with us. It is helpful if parents choose to share this assessment with the school when children start Nursery as it helps us plan for your child's next steps.
- **Reception Baseline** – This is a short task-based assessment of pupils' starting points in Language, Communication & Literacy and Mathematics. It is carried out within the first 6 weeks of pupils starting Reception. Children use practical resources to complete the assessment and staff record the results on computer. [The requirements for the RBA are set out in Annex B of EYFS statutory framework]
- **EYFS Profile (EYFSP)** - At the end of the EYFS (no later than June 30th of child's Reception year), staff complete the EYFS profile for each child. Pupils are assessed against the 17 early learning goals, indicating whether they are, as a best fit: meeting expected levels of development ('expected'), or, not yet reaching expected levels ('emerging'). The profile reflects ongoing observations and discussions with parents and/or carers. The profile is moderated internally and in partnership with other local schools, to ensure consistent assessment judgements.

The results of the EYFS profile are shared in a number of ways. The EYFSP is shared with parents and/or carers alongside a written report linked to the child's Characteristics of Effective Learning. The assessment is also passed to Year 1 teachers in order to help to inform a discussion between Reception and Year 1 teachers about the child's stage of development and learning needs and to support children's transition into Key Stage 1. The school also submits the EYFS Profile data to the local authority on request.

In exceptional circumstances, after discussion and only in agreement with parents and/or carers, a child might stay in EYFS provision beyond the end of the academic year in which they turn 5. In these exceptional cases, we will continue to assess the child throughout their time in EYFS provision and complete their profile at the end of the year before they move into Year 1.

6. Working with parents and carers

We recognise that children learn and develop well when there's a strong partnership between our staff and each child's parents and/or carers. We work hard to ensure children benefit from a carefully planned transition into our Nursery and Reception classes. Well-planned, child-centred transition is essential to ensuring a high-quality experience for all children as they start Nursery or school.

The time invested at the beginning of a child's journey with us ensures children and their families develop strong, trusting relationships with staff. Children build attachments to their key adults which helps to ensure continuity between the setting and home. Each child is assigned a key person who helps to make sure that their learning and care is tailored to meet their needs. In most situations, a child's key person is their class teacher. Some children may be assigned an additional member of staff to help further support their learning and care.

We aim to establish a regular, two-way flow of information between parents and/or carers and school, and, we encourage families to share important information with us. All staff will support parents and/or carers by offering support and advice, guiding their children's development at home and helping families to engage with more specialist support, if appropriate.

Parents and/or carers are encouraged to engage with our EYFS learning platform, Tapestry. Tapestry facilitates communication between staff and parents and helps to build a shared understanding of a child's progress. The platform enables staff to share observations and progress with families and enables parents and/or carers to engage with their child's learning journey. At the end of each child's Nursery and Reception journey, the child's individual profile is downloaded and the PDF link is shared with parent and/or carers.

We keep parents and/or carers up to date with their child's progress and development in a variety of ways including: regular updates on Tapestry, 'stay and play' sessions, assemblies, family workshops, parent-teacher meetings, written reports and target sharing. At the end of your child's time in EYFS, the completed EYFS Profile will also help to provide parents and/or carers with a well-rounded picture of their child's knowledge, understanding and abilities.

7. Staff

7.1 Staff training

We will:

- Train all staff in safeguarding procedures in line with Annex C of the most recent EYFS framework and Keeping Children Safe in Education (KCSIE) guidance
- Support all staff to feel supported and confident in implementing our safeguarding policy and procedures
- Renew training every 2 years, or more often when it's needed to help maintain skills; keep up to date with any changes to our safeguarding procedures; or because of any safeguarding concerns
- Outline how training is delivered, and how staff are supported to put it in place, in our child protection and safeguarding policy [insert details on where to find this policy]

Our designated safeguarding lead (DSL) will:

- Provide ongoing support, advice and guidance to all staff
- Attend a training course consistent with the criteria set out in Annex C of the most recent EYFS framework
- Liaise as needed with local statutory children's services agencies and our local safeguarding partners

7.2 Safer recruitment

When recruiting staff, we will follow the procedures set out in the latest EYFS framework guidance on checking the suitability of new recruits, including:

- Obtaining a reference for any member of staff (including students and volunteers) before they are recruited
- Recording information about staff qualifications and identity checks, vetting processes and references

See ODST Safer recruitment Policy.

8. Safeguarding and welfare procedures

We recognise that children learn best when they are healthy, safe and secure; when their individual needs are met; and when they have positive relationships with the adults caring for them. We follow safeguarding and welfare requirements to provide a welcoming, safe and stimulating environment where children can enjoy learning and grow in confidence.

All practitioners are alert to any issues of concern in children's lives at home or elsewhere.

8.1 Whistleblowing

We make sure that all staff are aware of our whistleblowing procedures; feel able to raise concerns about any poor or unsafe practice; and know that such concerns will be taken seriously by the senior leadership team.

In the event that a member of staff feels that they need to blow the whistle on misconduct, they should report their concern to the Headteacher, Mrs Elizabeth Savage. If the concern is about the Headteacher, or it is believed they may be involved in the wrongdoing in some way, the staff member should report their concern to the Chair of the Local Governing Body, Mrs Tessa Parker-Mann.

See ODST Whistleblowing Policy

8.2 Staffing ratios

We make sure that the appropriate statutory staff:child ratios are maintained in our setting to meet the needs of all children and ensure their safety:

- For children aged 3 and over:
 - Where there is a person with qualified teacher status, early years professional status, or early years teacher status, an instructor or another suitably-qualified, overseas-trained teacher:
 - For classes where the majority of children will reach the age of 5 or older within the school year, we have at least 1 member of staff for every 30 children
 - For all other classes, we have at least 1 member of staff for every 13 children
 - At least 1 other member of staff holds an approved level 3 qualification, or has received approval to be included in the ratios at level 3 after attaining experience-based route status
 - Where a person with the above qualifications is not working directly with the children, we have at least 1 member of staff for every 8 children
 - At least 1 member of staff must hold an approved level 3 qualification, or has received approval to be included in the ratios at level 3 after attaining experience-based route status
 - At least half of all other staff hold an approved level 2 qualification
 - We comply with infant class size legislation and have at least 1 teacher per 30 pupils
 - For mixed classes we determine ratios guided by all relevant ratio requirements and by the needs of the children within the group

8.3 Paediatric first aid (PFA)

We have at least 1 person with a current paediatric first aid (PFA) certificate on the premises and available at all times when children are present, including on outings. This PFA certificate is renewed every 3 years as required.

8.4 The designated safeguarding lead (DSL)

We also have a DSL who has lead responsibility for safeguarding children. They are also responsible for:

- Liaising with local statutory children's services agencies, and with the LSPs (local safeguarding partners)
- Providing support, advice and guidance to all other staff on an ongoing basis, and on any specific safeguarding issue as required
- Attending a safeguarding training course that complies with the criteria set out in annex C of the latest EYFS framework

8.5 Absence

We are required to promptly follow up on absences.

If a child is absent for a prolonged time or if their parents/carers haven't told us about the absence, we will attempt to contact the parents/carers and alternative emergency contacts. We ask parents and/or carers to provide more than 2 emergency contact numbers for their child (where possible).

See the ODST Attendance Policy for more information.

8.6 Oral health and tooth brushing

We promote good oral health, as well as good health in general, by helping children understand the importance of looking after their teeth from an early age. We talk with children about the importance of regular tooth brushing at home, as well as healthy foods and drinks that help to keep their teeth strong. Through discussions, stories, songs and everyday learning, children develop an understanding of good oral hygiene and why it is important. We also work in partnership with parents and carers to encourage healthy tooth-brushing habits and support good oral health at home.

The rest of our safeguarding and welfare procedures are outlined in our school's child protection and safeguarding policy, which can be found here [School policies | Jennett's Park](#)

8.7 Safer eating, Nutrition, Food safety and Hygiene

The school is committed to promoting safe eating practices in line with EYFS requirements to safeguard children and minimise the risk of choking, allergic reactions, and other harm during food consumption. We recognise that mealtimes present potential risks, particularly for younger children. We therefore implement robust procedures to ensure that all food provided and consumed within the setting is appropriate, supervised, and managed safely.

The school is committed to promoting children's health, wellbeing and development through the provision of healthy, balanced and nutritious food and drink in a safe and supportive environment.

The school complies with the Early Years Foundation Stage (EYFS) statutory framework, which requires that: "Where children are provided with meals, snacks and drinks, these must be healthy, balanced and nutritious."

We also have regard to the EYFS Nutrition Guidance (2025)

See the ODST Safer Eating Policy and ODST Pupil Allergy Policy for more information.

8.9 Safe sleep

All staff must read NHS advice on [Sudden infant death syndrome \(SIDS\) - NHS](#)

Where the school provides care for children who sleep as part of the EYFS provision, it ensures that safe sleep practices are in place and followed consistently by all staff to reduce the risk of harm.

The school will:

- follow current national safer sleep guidance, including that babies are always placed on their backs to sleep, unless otherwise advised in writing by a medical professional;
- ensure that children sleep in a clear, safe sleep space with no pillows, duvets, cot bumpers, soft toys, or loose bedding;
- use appropriate bedding and sleep equipment that meets safety standards;
- maintain a comfortable room temperature and monitor children appropriately while sleeping;
- ensure sleeping children are checked regularly and that these checks are recorded where required;
- never leave sleeping children unsupervised;
- work in partnership with parents/carers to understand and, where appropriate, follow a child's established sleep routines, while ensuring these routines are consistent with safe sleep guidance;
- complete individual risk assessments where a child has specific medical or developmental needs affecting sleep;
- ensure all staff working with babies and young children are trained in safer sleep practices and understand their safeguarding responsibilities in this area.

Any concerns about a child's safety during sleep will be treated as a safeguarding matter and responded to in line with this policy.

See the ODST Safer Sleep Policy for more information.

8.10 Screen use

The school will follow the [DfE guidance "Help for early years providers: Screen use](#), July 2026 that under-2s should have no screen time 'other than in exceptional circumstances such as a video call with parents and carers'; and 2 - 5s should have a maximum of one hour, preferably less.

8.11 Accident or injury

All accidents, injuries, and existing marks are recorded promptly and accurately and shared with parents/carers as appropriate. The school ensures that an appropriate number of staff with current Paediatric First Aid training are on site at all times in line with EYFS requirements. Any concerns about a child's injury are reported and managed in accordance with safeguarding procedures.

8.12 Safety of premises

We make sure that our premises, including overall floor space and outdoor space, are fit for purpose and suitable for the age of children we care for and the activities provided on the premises.

We comply with requirements of health and safety legislation, including risk assessment, fire safety and hygiene requirements.

8.13 Toileting and privacy

We make sure that there are:

- Enough toilets and hand basins available for the children
- Suitable and hygienic nappy changing facilities
- An adequate supply of necessary items such as clean bedding, towels and spare clothes
- Separate toilet facilities for adults

During nappy changes and toileting, we will balance children's privacy with their safeguarding and support needs.

See ODST Intimate Care Policy

9. GDPR

We are committed to protecting your personal data and complying with the standards set by the General Data Protection Regulation (GDPR). See school website for details and privacy notices.

See ODST Data Protection Policy and Data Retention Schedule and school website for Privacy Notices

10. Monitoring arrangements

This policy will be reviewed and approved by Trustees annually and adopted by the LGB.
